

Georg Fischer Waga N.V.

MULTI/JOINT[®] 3000 Plus

The ideal repair solution and problem solver for all your water and gas network connections.

+GF+

Save on valuable installation time

and increase the flexibility of your installation.

Reduce your stock

and save on the extra cost for thrust blocks.

Improve the quality of your connection

and the reliability of your network.

MULTI/JOINT® 3000 Plus

One size fits and grips all!

The unique gripping and sealing system is suitable for all pipe materials and offers quick, safe and simple installation. The wide range of the MULTI/JOINT® fittings covers the outside diameters of various pipe materials.

Size (DN)	range (mm)	Size (DN)	range (mm)
